Item Title:	Applications for Drilling and Operating a Replacement Water Well for Non-Exempt Use (Commercial and Livestock) located at 190 Old Goliad Rd, Victoria, Texas 77905 ; Applicant: Diana Flores.
Management Discussion:	<p>Mrs. Flores is requesting authorization to drill and operate a replacement water well for non-exempt use (commercial use) on a 3.09 acre tract of land located at 190 Old Goliad Rd. Mrs. Flores has supplied a well registration application for the well but cannot currently demonstrate past production. For this reason, Mrs. Flores has provided an application for an operation permit along with her application for drilling a well. The existing well at this location has failed and is not producing sufficient groundwater. The groundwater that is produced is of poor quality (foul odor and discolored).</p> <p>Mrs. Flores has submitted the following applications:</p> <ol style="list-style-type: none"> 1. Well Registration Application for Grandfathered Non-Exempt Well; <ol style="list-style-type: none"> 1. No Validation Request. 2. Drilling Permit Application for Non-Exempt Well; 3. Operating Permit Application for Non-Exempt Well; <ol style="list-style-type: none"> 1. Requesting waiver of requirement to provide aquifer specific information under Rule 3.1.1.2, 3.1.1.3.C, 3.1.2.1, 3.1.2.2 2. Requesting production limitations: <ol style="list-style-type: none"> 1. Maximum Rate Per Minute: 20 gallons per minute; 2. Maximum Rate Per Day: 28,800 gallons per day; 3. Maximum Rate Per Year: 145,600 gallons per year (0.45 ac-ft/year) 4. Request to Waive a District Requirement Form; <ol style="list-style-type: none"> 1. Requesting waiver of requirement to provide aquifer specific information under Rule 3.1.1.2, 3.1.1.3.C, 3.1.2.1, 3.1.2.2 <ol style="list-style-type: none"> 1. VCGCD GM does not object to this request to waive the requirement to provide a determination of groundwater availability because the total annual volume of groundwater to be permitted is small.
Management Recommendation:	<p>Move to approve the application to drill the replacement well;</p> <p>Move to approve the application to operate the replacement well with an additional condition that the District may collect water samples on a reasonable basis.</p> <p>Move to authorize PBW to collect and analyze a water sample from the new water well at an estimated cost of \$500.00</p>

**Financial
Details:**
