

RESOLUTION
Resolution Number: 2008-06-09-A
Gulf Coast Aquifer Groundwater Conservation District Position
on South Central Texas Regional Water Planning Group
(SCTRWPG) - Region L

Whereas, the Central Gulf Coast Aquifer is a primary water source in six of the twenty and one-half counties of South Central Texas Regional Water Planning Group (SCTRWPG) - Region L;

Whereas, the Central Gulf Coast Aquifer is one of three major aquifers in Region L;

Whereas, SCTRWPG currently includes groundwater representation from the other two major aquifers in the region,

Whereas, groundwater management is a critical component for determining future water supplies, including the protection of our aquifers;

Whereas, proper water planning should include stakeholder representation from all major interests; now

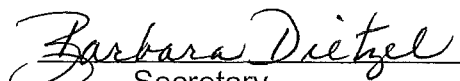

Therefore, the Victoria County Groundwater Conservation District requests that SCTRWPG provide a position on the planning group for a representative from the Central Gulf Coast Aquifer in Region L. Further, it is requested that this representative be selected from an active Groundwater Conservation District.

Read and adopted this 9th day of June, 2008.

President

Attest:
